Washington County
District Attorney's Office
280 North College, Suite 301
Fayetteville, AR 72701

Matthew Durrett,

Homeland Security Investigations (HSI) Buffalo would like to extend a special thank you to your office and particularly Deputy Prosecuting Attorney, Kevin Metcalf, for the on-going assistance and support with several complex child exploitation investigations.

In August 2018, the HSI Special Operations Unit in Washington DC, spoke very highly of Kevin and recommended that HSI Buffalo request Kevin's assistance on one extremely evasive target. Since that time, Kevin has not only been an integral part of that investigation, but he has also provided his time, tools, and support in many other investigations. Kevin's assistance has helped HSI Buffalo agents identify production and contact offenders in multiple states which have led to the identification and rescue of multiple child victims. Kevin has provided support at all hours, including many nights and weekends. He has gone above and beyond any expectations and continues to assist regularly.

It is not every day that we get to work with such highly skilled and motivated individuals which is why we want to acknowledge Kevin for his hard work and dedication. We want to thank your office for allowing Kevin to utilize his unique skill set to assist other agencies with this inherently global criminal activity.

Regards,

A handwritten signature in blue ink that reads "KKelly".

Kevin Kelly
Special Agent in Charge
